

APPLICANTS' SUMMARY OF EXAMINER INTERVIEW

On June 23, 2010, Applicants' attorney, Jeremy D. Protas (61,681) conducted a telephonic interview with Examiner Monikang (collectively, "the parties"). The parties generally discussed the Examiner's application of the cited document to the pending claims, and discussed potential claim language that might overcome the current rejections. Though the parties did not reach an agreement, the Examiner graciously agreed in principle to making efforts to expedite the final disposition of the application.
